SPECIFIC

Homœopathic Medicines,

......FOR......

Families, Travelers, and others.

THESE Medicines have been carefully prepared, with a view of supplying families and others with *Specific Remedies* against, all the more common diseases which occur in every day life. The list includes not only remedies for all the more common diseases, such as Coughs, Colds, Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhœa, &c., but also for those more sudden and violent diseases which require to be met on the spur of the moment, such as Cramp, Cholera, Dysentery, Inflammation, &c., for whose treatment it is very important always to have the proper remedies on hand. There are also remedies for those more delicate Female derangements which a lady finds it so difficult to disclose, but yet by freedom from which contributes so much to the happiness and enjoyment of life.

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes properly labelled Each box contains 30 or 40 Pellets, and 15 boxes, for the different kinds, are enclosed in a case, accompanied with a small Manual or Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a cure. Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache, diarrhœa, or fever; and much care, study, and discrimination is required to select the proper one. But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that labor and study which the business man is so illy able to bestow, and without that research and examination which, to the mother, nurse, or invalid, is so perplexing, annoying, and unsatisfactory. The advantages are so obvious as to commend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N.Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.

Cheap & Convenient Building.

Door, Sash and Blind Factory.

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for good dwelling-houses, and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and his superior stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure.

This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling-house, while the work is of a uniform excellent quality.

Any one interested can examine specimens of the work at the factory, near the Rose Place, or the store of M. S. Jackson, on Exchange st., and at either place any article may be obtained or large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the business that no man should now think of building in the old and slow and imperfect methods.

WHALEBONE SKIRTS.

THE only object of a Whalebone Skirt is to give a proper, graceful and elegant form to a lady's dress. Unless this is accomplished, the article is entirely worthless. The Ladies, by referring to Frank Leslie's Gazette of Fashion for April, will notice that E. & J. HOLMES have, from actual experience, been successful in producing this most desirable article, and that their IMPROVED SEAMLESS SKIRT meets the unanimous approbation of the ladies. They are light, pliable, and easily adjusted, and the only Skirt which is equally adapted to the parlor, the street and the crowd, are made in one piece or breadth, and in our opinion and in the opinion of thousands of ladies who have bought them, the most reliable goods of the kind in the market. We were the first to introduce a Whalebone Skirt, and from our experience in the manufacture and retail of these goods, we have found that all kinds of cotton cord, and nearly all kinds of cord, and all starched goods cannot be used satisfactorily, as they will not recover their place when pressed out of shape. We consider all

WHALEBONE SKIRTS

as *worthless,* of whatever material made, unless there *is something of sufficient stiffness and elasticity,* and at the same time yielding and pliable, to keep the dress in proper shape below the bones. To accomplish this we have our cord made under our own direction, and expressly for our goods and from the only material that can be used that will recover its proper place when pressed out of shape, and are so twisted in manufacturing that they will not roll or curl when wet, and warranted to wash without injury. The public are cautioned against all worthless goods, as the market, since our goods have become popular and extensively known, has been flooded with goods of all kinds, and put together without form or comeliness, or any other object but to sell, and of course are called Whalebone Skirts. Some imitators, in their efforts to profit by our reputation, have gone so far as to copy almost exactly our trade mark upon their goods.

PLEASE NOTICE.—Every genuine article stamped *E. & J. Holmes' Improved Seamless Whalebone Skirt,* and may be found by the trade in many of the largest Jobbing Houses in New York and Boston, and at retail in the principal Dry Goods stores.

THE GREATEST

MEDICAL DISCOVERY

Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds,* a remedy that cures

EVERY KIND OF HUMOR;

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another, after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 15 & 17, *Market Square, Portland, Maine,* to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

THE POLITICAL CAMPAIGN AND ITS ISSUES.

After great efforts and preparations, the administration party, calling itself democratic, and the residue and remainder of the Whig party, in Maine, have made their demonstration by holding, for the purpose of show and convenient consultation, their State Conventions simultaneously, in this city, in the forlorn hope of rallying the people against the popular sentiment of the age and the times, embodied in the principles and measures of the Republican party, which has been called into being and activity by the necessities of the times, for a new and vigorous enunciation of the doctrines of freedom

The staple commodity of discussion and appeal in the administration convention and by its leaders was, the boast that at its National Convention the States were all represented;—that any disaffection of the slave power produces a shocking threat of rending the Union in twain, and thereby endangers our whole political system that "petticoats and Priests" are interested in the success of the Republican cause and therefore the democracy should rally shoulder to shoulder, to keep step with the music of the slave States, save the Union from being knocked in the head, and bludgeon, in Brooks' style the "petticoats and the Priests"

These issues, here given in brief, were brought forward not so directly as we have laid them down, but artistically indirect, and in velvety step, but still essentially coming to the same result What is this boast of the Slave and Free States meeting in the so called democratic National Convention and not a word of difference between them? What is it, but an acknowledgement that the delegates of the Free States were dumb upon the subject of Slavery? What did it cost the Free States to keep their position in this Convention? It cost them the absolute and complete surrender of all their rights of freedom in the territories; a surrender and quitclaim to all their right to avail themselves of the protection of the Legislation of Congress on the subject of slavery in the territories, a surrender of all their rights to make any protest against slavery extension, by whatever outrage, and, finally to sum it all up in a few words, a surrender, bending low to the dust, before the slave oligarchy to do its bidding and to advance its purposes, All this it cost what calls itself democracy of the free States to remain in convention with the slave States Is this worth boasting about? Any party in the country signifying its willingness to thus yield and bow down and tamely succumb to the slave power, could be admitted to the fellowship of slave holders It cost too much to be made a matter of boasting

The fear of dissolution which has been so magnified and "exasperated" and flashed out in the red chalk picture of bloody bones, is already too worn and threadbare to be of any effect. It has become the blarney of every vagrant street boys at the South, and is babbled by small members of Congress from every slave State Give us this and give us that, the slave power has said for years, or we will dissolve the Union, deny us this, or withhold that, and we will rend the Union in twain — And the heroic and peace loving representatives from the Free States have yielded, and granted and eased away and succumbed, until now the so-called progressive democracy are called upon to yield all, and take back and swallow their solemn words in behalf of freedom, and to consent that slavery and not freedom should be national, in order to get rid of the flash of that rush light, and the crack of that slave whip, in the shape of threats to dissolve the Union? It is not an easy thing to execute such threats and those who make the threats have no intention of attempting their execution They gain their points by the threats because they have the aid of political leaders and platform speakers in the self-styled democratic, and in the ruling party to help frighten the people out of their propriety. Any further yielding to these threats, any more cowardice on account of dissolution, any more bestowal of power to slavery, will make us, politically a subjugated people, beneath the feet of a power that never relents its grasp, nor yields even an undue advantage.

On the subject of Union saving, there was a remarkable agreement between the doctrine enunciated by the leaders of the Strait Whig party and those of the Buchanan party Hon George Evans buried himself in the history of the Compromises and legislation of the country in which there had been yielding and concession to the slave power. He said that freedom was pledged to the territories in consideration of a fugitive slave law, but he forgot to post up history, by telling the whole truth that the slave power having secured fully the fugitive slave law, struck down the barrier against the extension of slavery in the territories. Mr Evans had nothing to complain of in this, but he was ample in apologies for slavery, He velvetly suggested that the Strait Whigs, if broken up, could find a flag bearing the Union, and there they could find their rallying point. That flag is now borne by the allies of the strait Whigs, the Buchanan democracy.

Mr. Evans and other smaller leaders of the remnant of the Whig party, may feel a delight in marching bodily into the ranks of slavery apologists, but the party will not follow They have learned too truly the evils of slavery extension, and have given too many utterances against it, to falter now. It would have been their pride and glory to have had the old Whig party, their first and strongest political love, lead on the forces to the ballot-box against the indefinite extension of slavery, over territory once dedicated to freedom, but in its inability to do this, they are willing to join honest men, and freedom loving, and unambitious people in preventing slavery from becoming national, and to nationalize freedom This is clearly seen in the men who openly declare it It is heard in the manly voices of those earnest and sincere Whigs who meant what they said, when, as members of the Whig party, in its days of strength and sanity, they spoke for freedom in the territories, and demanded of Congress the exercise of its power for securing this object.—These truthful and patriotic whigs have come and are coming to the standard of the gallant Fremont, where they see clearly inscribed, free speech, a free press and free territories

A small, pettifogging attempt is made to draw off attention from the great issue now before the American people, on the subject of nationalizing freedom, by representing that "State issues" are involved, and that though a whig may have made up his mind to vote for Fremont for President, he should nevertheless vote the whig ticket in September There are few minds so microscopic that they cannot see the effect of such action To vote in September what is called the whig ticket, is to vote in alliance with the administration party, and so far to lessen the chances of a strong majority for Fremont in November, to lessen the chances for giving to Fremont a Congress in agreement with him; and to run the risk of injuring the cause of freedom and its noble and intrepid standard bearers, every way It is this result that is aimed at, and were it not for this, Mr. Evans and those of the Strait Whig party who agree with him, would now be openly in the ranks of the Union-worshipping and slave-obeying party. The operation of this plan of voting the Whig ticket in September, while intending to vote for Fremont in November, is so apparent as to be seen by every eye It will do for a Buchanan man thus to vote because all the incidental effects are favorable to that ticket, but with those who are in favor of Fremont, the incidentals are against the ticket This is too plain to need illustration, and it is to be hoped that no man will be deceived by this device of the enemy, though that enemy appear in the guise of a friend.

The strait Whig party and the administration party, under the present lead, are both tending directly to the position of subserviency to the slave power, and their future influence will be for the extension of slavery On this issue they must be met at the ballot box at any and every election, and specially at the next State and Presidential elections Let every man gird up the loins of his mind for the issue, hopeful in the promise that now dawns upon the country, that success will crown the Republican efforts, and that freedom will be fully and effectually nationalized

---

At the Strait Whig State Convention on Tuesday, I D Bartlett, Esq, undertook to show that State issues were so very important as to eclipse entirely all questions touching national matters. At the Buchanan Convention, held the same day, all the speakers, from Cary to Jarvis, spoke only of national issue, and Cary declared that all "State issues" should be set aside in consideration of the greater importance of national questions. This petty fiddling on State issues, is merely to divert attention, and enable the Buchanan forces to get an advantage

---

To-night Gen. Cochran, of Waldoboro', formerly a prominent Straight Whig, and a member of the last Legislature, will address the citizens of Bangor, at the City Hall. The General is a Whig of too long standing to be induced to vote for James Buchanan, the uncompromising enemy of Henry Clay, and now the supporter of the Kansas and Nebraska iniquity, and defender of Pierce's administration

It would be well for the members of the so-called Straight Whig party to come to the City Hall to-night—they will hear some truths that may be of interest to them,

The General comes out boldly for Fremont, and will show strong reasons why every one else, opposed to the extension of slavery and desiring the permanent good of the Union, should do the same!

REPUBLICAN STATE CONVENTION—FARE REDUCED—Arrangements have been made with the various Railroad Companies between here and Portland, to furnish tickets to persons desiring to attend the Republican Convention to be held on Tuesday next at Portland for *half price*

Steadman, who obtained money some time ago, from the Mechanics' Bank, on a forged check, has been brought from Bangor to this city by Sheriff Emery. He will probably be tried at the July term of the Court.—*State of Maine.*

Steadman, is, we believe, an old offender, having been confined several times before upon criminal charges When he was taken from the jail here to be carried to Portland, he resisted with desperation, and Marshal Stanley was obliged to call in assistance before he could be secured

---

The indications now are that the hay crop in this vicinity will be a full average, and in the interior something more The pasturage, all over the State is very fine and the crops generally appear highly promising

---

We understand that Messrs. B. F Nourse & Henry Little & Co. have purchased the Dame lands on State, Newbury and Birch Streets, between 20 and 30 acres

Several house lots have already been sold.

We understand that a member of the Naval School at Annapolis, or a Midshipman, is to be appointed for the 5th Congressional District in Maine, between this and August.

The Buchanan papers deny that their candidate ever declared that ten cents a day is wages enough for a laboring man. That James Buchanan did practically take that position is nevertheless true.—[Bangor Whig.

We pronounce it a calumny and falsehood, and call upon the Whig to retract or make good its words —*Democrat.*

Hoity toity, Mr Democrat, we *have* "made good our words," as you very well know. We cited Mr Buchanan's declaration in Congress, that "prices in this country should be reduced to the European standard," which for wages of labor, was then ten cents a day,—and this we assert was practically taking the position ascribed to him.

Col. Fremont's Letter of Acceptance of the North American Nomination.

NEW YORK, June 30

The following is Mr Fremont's letter of acceptance of the North American nomination

GENTS—I received with deep sensibility your communication informing me that a Convention of my fellow citizens, recently assembled in this city, have nominated me their candidate for the highest office in the gift of the American people. I desire, through you, to offer to the members of that body and to their respective communities, my grateful acknowledgements for this distinguished expression of confidence In common with all who are interested in the welfare of the country, I had been strongly impressed by the generous spirit of conciliation which influenced the action of your assembly and characterizes your note, a disposition to avoid all special questions tending to defeat unanimity in the great cause, for the sake of which it was conceded that differences of opinion on less eventful questions should be held in obeyance, was evinced alike in the proceedings of your Convention in reference to me and the manner in which you have communicated the result.

In this course no sacrifice of opinion on any side becomes necessary I shall, in a few days, be able to transmit you a paper designed for all parties engaged in our cause, in which I present to the country my views of the leading subjects which are now put in issue, in contest for Presidency my confidence in the success of our cause is greatly strengthened by the belief that these views will meet the approbation of your constituents, trusting that the national and patriotic feeling evinced by the tender of your company operation on the work of regeneration the government which pervades the country will harmonize all elements in our truly great and common cause

I accept the nomination with which you have honored me, and am, gentlemen, very respectfully, your fellow citizen

(Signed) J. C. FREMONT.

Resolutions of the Straight Whig Convention.

The Committee on Resolutions, by their Chairman, Hon. Josiah S Little, reported the following

RESOLUTIONS

Resolved, The Whigs of Maine in Convention assembled, actuated now, as in all the past, by a spirit of fidelity to the Union and the Constitution, with an unalterable purpose to stand by them to the last—and animated with a patriotic devotion to the prosperity of the State and all its interests, gladly embrace the present occasion to re-affirm those great principles which have heretofore governed our political action and guided us in that duty which we owe our common country

Resolved, That we congratulate the people of this State upon their deliverance from the fanatical, unjust and tyrannical legislation which distinguished the administration of Anson P Morrill, and the proscriptive policy which characterizes the Republican party of Maine, we hold up the striking contrast thereto, the State legislation of 1856, which, (in the repeal of an obnoxious and impracticable statute, has established peace within our borders, promoted the cause of temperance,) without infringing upon the rights of the citizen, and restored a great moral question to that lofty position, from which it had been wrenched by political demagogues for their own selfish and unworthy purposes

Resolved, That the legislation of 1856, by the adoption of a system for the better protection of the monies in the State Treasury, the repeal of those odious and unconstitutional acts which deprived our naturalized citizens of rights which had been fairly acquired by them under the Constitution of the United States, and of this State, the maintenance by the Legislature and the Executive, of the independence and integrity of the Judiciary, against a course of procedure which had already produced, and was calculated still further to produce anarchy, disorder and violence, in the government of the State, has our hearty approbation

Resolved, That the people of Maine, warned by the wrongs perpetuated under the operation of unequal and oppressive laws, should, by their votes, guard against the insidious designs of that party, whose well known purpose is their re-enactment, should they regain their lost power

Resolved, That the Whigs of Maine have no new principles to enunciate, no new platform to erect touching the question of Slavery—that they are content to occupy the same ground in reference thereto which was maintained by Clay and Webster, and recognized by the Whigs of the whole Union in the days of their prosperity and strength,—and having the fullest confidence that an adherence to, and practice of the well understood and oft-reiterated principles of the Whig party, are sufficient to extricate the country from the impending dangers of sectional strife,—to restore the confidence of the people —revive its fraternal sympathies, promote its prosperity, and secure the constitutional triumph of freedom, we again pledge our hearts and our hands to their vindication and support

Resolved, That the settled convictions of the Whigs of Maine, now as heretofore, are utterly hostile to the extension of Slavery over Territories of the United States, where it does not now exist, and we renew our pledges to resist, in every proper mode, such extension

Resolved, That while we deeply sympathize with the people of Kansas in the wrongs which they have suffered, and deplore the causes which have led to them, we denounce and condemn the authors thereof as traitors to the peace and honor of the whole country

Resolved, That while we condemn the repeal of the Missouri Compromise, the people of Kansas Territory under the Constitution of the United States, and the provisions of its organic act, which by its very terms are declared to be, "to leave the people thereof perfectly free to form and regulate their domestic institutions in their own way, subject only to the Constitution," are entitled to protection against interference from any quarter, intended to thwart or prevent the actual settlers in said Territory from the full and complete exercise of the right of suffrage and the enjoyment of all civil and political rights and privileges incident to their position, and necessary to secure the just regulation of their domestic institutions

Resolved, That the Territory of Kansas should be admitted as a State into the Union, as soon as it can be ascertained that it contains a sufficient resident population and in conformity with the Constitution of the United States, and the usages heretofore considered necessary and proper in similar cases

Resolved, That the outrages committed in this and other States upon a class of citizens whose only offence consisted in the exercise of their inalienable right to worship God according to the dictates of their own consciences, merits and receives our severest condemnation and the protecting shield which has been thrown over such outrages by a party, relying for success on a secret organization, renders such party unworthy of the respect and confidence of an enlightened and law-abiding community

Resolved That secret, oath bound political associations are hostile to a Republican form of government, destroy the rights of minorities and the independence of the citizen, corrupt the purity of the ballot box, and become "potent engines, by which cunning, ambitious and unprincipled men are enabled to subvert the power of the people and usurp for themselves the reins of government.

Resolved, That the Whig party of the United States, in its origin and its constitution, in its oft-repeated principles, and in the character of its most eminent champions, in its administration of public affairs when in power, and in its uniform consistency when in a minority, was and ever has been a national party, seeking such a practical interpretation of the Constitution, and such a development of public policy as would be most just and advantageous to all parts of the Union, that it has always selected its candidates for national office with liberality and fairness towards all sections of the country, and has advocated equality of rights and of advantages to all interests, without regard to geographical differences, that with reference to the question of slavery it has displayed its consistency and its patriotism by contending alike against aggressions from the North and the South, that it has steadily refused from the time of its origin, and to the latest occasion of its action in a national election to become a sectional party

Resolved, That this Convention recommend the Hon George F Patten, of Bath, as the Whig candidate for Governor, as a gentleman of eminent qualifications for that office, and entitled to the hearty, zealous and united support of the Whigs of the State at the ensuing election.

Resolved, That this Convention select two delegates at large to attend a Whig National Presidential Convention, should one be held, and also nominate two candidates for electors at large, and recommend that the Whigs of the Congressional Districts nominate District Electors and select District Delegates to attend such a Convention

The above resolves were unanimously adopted

Herbert was Present.

The Cincinnati Gazette answers the denial about the presence of Herbert, (the murderer of Keating) in the Cincinnati Convention as follows

"The Enquirer does not deny that he was present in the Convention, and active not only in bringing about the nomination of Buchanan, but in adopting the platform. The writer of this was introduced to Herbert in Washington last winter, and he saw him sitting with the California delegates in the Convention It is well known that no one was admitted to seats assigned for delegates but those who were delegates. The California delegation had seats immediately in front of the stage, on which were the President and the other officers of the Convention, and with the California delegation sat Herbert, the murderer of the Irish waiter Keating, and if not a delegate, he assumed to be one He was frequently consulted by the California men, and appeared to take as active a part in the proceedings of the Convention as any one in the Convention He was present when Hallet read the platform, and signified his approbation of it by rapturous applause, rapping on the floor with a cane which he held in his hand. We afterwards saw him on the platform, talking with some of the Vice Presidents or Secretaries.

It is well known that no one received tickets of admission to the floor, unless he was a delegate. Mr Herbert was admitted to the floor, and sat with the delegates from his State.—How did he get there? how came he possessed of a delegate's ticket, unless he was a delegate?"

PUBLIC SCHOOLS. Yesterday all the Public Schools in the city commenced a vacation, which will last until the twenty-fifth of August.

Signs of the Times.

The *Pennsylvanian*, the special organ of "Old Buck," says, "It is a melancholy confession to make, but the Democracy is generally defeated by Black Republicanism, or is disorganized by Free-soilism within its own ranks. For illustration, what New England State would sustain by its vote a sound platform like ours of the 4th of March? Would New York even?"

An exchange paper says There is a suit pending before the highest tribunal in the land, in which principles of the utmost importance to this country and its institutions are to be settled. The suit is entitled "The People *vs* The nigger Driving Democracy." For the plaintiff, JOHN C FREMONT, for the defendant, JAMES BUCHANAN. The decision will be given in November.

A Fremont ratification meeting was held in Chicago, on the 19th inst, and the *Democrat* says Democrats were there, Whigs were there, foreigners were there, Catholics were there, Protestants were there. Indeed, it would puzzle us to tell who were not there.

The *Boston Atlas* says "The *Post* parades the names of sundry Old-Line Whigs of this City, "who have declared themselves for Buchanan." As most, if not all, declared for Pierce nearly four years ago, we do not think the announcement in the *Post* a very startling sign of the times.

JOHN KNOX, one of the Illinois Pierce electors in 1852, in a public meeting recently held at Rock Island, came out openly in favor of the Republican candidate.

The Madison County *Reflector*, heretofore a Democratic paper, is out for FREMONT

The three "American" journals in New Hampshire—the Concord *Reporter*, the especial organ of Governor Metcalf, the Manchester *American*, and the Portsmouth *Ballot*—have all declared for FREMONT

A letter from an intelligent politician to the Cleveland *Leader*, says the prospects of the Republicans carrying Indiana are very good Indeed, the writer thinks Indiana will give us 15,-000 majority.

The Buffalo *Express* says "The man who, in the Spring of 1840 should have said that General HARRISON would be elected, almost by acclamation, would have been laughed at as a fool; yet the sneers of that candidate's opponents were turned into weapons against themselves. So may it be with FREMONT. Already the Opposition presses are talking sneeringly of the explorer, and ridiculing him by reference to mules and snow shoes Let them beware, lest on mules and snow-shoes he march into the White House."

THE NATIONAL FILLMORE CLUB—A ROW —A meeting of the Club which repudiated Fillmoreism last Saturday night in New York, was called for Tuesday evening. Before the hour of meeting, the room was taken possession of by a crowd of hired ruffians, and when the President, Mr Van Riper, took his seat, a scene of the most brutal disorder and violence ensued, resulting in the expulsion of all who were not with the ruffians, and in the adoption of a series of resolutions favorable to those who hired the crowd

---

THE SHORTEST WAY —Some twelve years ago Napoleon, Indiana, was celebrated for two things, one for the carousing propensities of its inhabitants, and the other for the large number of its roads. It appears that an earnest collector had stopped at Dayton, and became acquainted with an old drover who appeared to be well posted as to the geography of the country

'I wish to go to Greenfield,' said the collector, "now which is the shortest way?"

"Well, sir," said the drover, "you had better go to Napoleon and take the road leading nearly north"

The traveller noted it down

"Well, sir," if I go to Edinburg?"

"Go to Napoleon, and take the road south-west"

"Or to Indianapolis?" asked the collector, eyeing the drover closely, and thinking he was being imposed on

"Go to Napoleon and take the road north-west

The collector looked at his note-book, every direction had Napoleon on it, he began to feel his mettle rise, and he turned once more to the drover with—

"Suppose, sir, that I wanted to go to the devil"

The drover never even smiled, but scratched his head, and, after a moment's hesitation, said

"Well, my dear sir, I don't know of any shorter road you could take than to go to Napoleon."

Jim Myers to the Public.

A report having been put in circulation, thro' the medium of malicious and interested parties, that M'lle Louise, the young lady who daily makes the grand ascension upon a single wire in front of Jim Myers' Great Show, had fallen and injured herself, the proprietor in publicly proclaiming the heartless falsehood of the whole story, and his contempt for its vile authors, feels impelled by a sense of duty to expose the base motives which instigated the slanderous rumor, The mean falsehood had its origin in one of the hangers on of a rival establishment, who, envious of the well earned popularity and unprecedented patronage lavished upon Jim Myers' establishment, sought to injure it by spreading the report that one of its conspicuous attractions had been destroyed It affords Jim Myers great pleasure in announcing the perfect health of M'lle Louise, and that altho she has performed her astounding feat daily since the commencement of the season, besides having on previous occasions repeatedly walked across some of the principal streets in Paris at an elevation of 100 feet from the ground, she has never yet fallen off her wire, or sustained the slightest injury from accident of any kind

And furthermore, Jim Myers has the only show where Cinderella is performed—the only place where a man walks the ceiling feet up and head down—the only exhibition where outsiders can witness a lady make an ascension on a wire 60 feet from the ground—and, in fact, the only "Great Show" in the country, and the only one that performs all it promises in its bills

Persons living at a distance from town are respectfully notified, that M'lle Louise will make her grand ascension in Bangor on Thursday and Friday, July 3d and 4th, at precisely half past 1 P M, outside the Pavilion of Jim Myers' great show, walking upon her single wire a distance of 200 feet, and to an elevation from the ground of sixty feet, provided the weather is not stormy

Holloway's Ointment and Pills an unfailing Remedy for Scrofulous Sores. The eldest son of Anthony Barnet aged 14, of Galveston, Texas, was an awful sufferer, with scrofulous sores on his limbs. The parents took him to several doctors, and did all in their power to alleviate him, but he only became worse A sister of Mr Barnet, who had been cured of a bad leg by Holloway's Ointment and Pills, took the child under her protection, stating she would try what effect a few weeks residence with her would do. No sooner had she got him at her own house than she tried Holloway's Ointment and Pills. They soon caused an improved appearance in the child, and after using them about ten weeks, every symptom of his disorder had vanished like snow before the sun—such is the power of these wonderful remedies They will also cure all disorders of the skin.

SENATE. The Chair laid before the a communication from the Secretary of transmitting the original journal proce of the Board of American Commission Paris to liquidate and audit the clai American citizens against the French go ment, being for debts due them and for faction for which provision was made convention between the U States and Fr April 30th, 1803

Mr Clayton said his report was ma answer to a resolution submitted by him time ago. He desired to call attention t document, because it completely refute ground upon which the President base veto of the French spoliation bill The rested on the assumed basis that the c aim spoliations were all examined and allowe der the treaty of 1803 but this document closes the fact that so far from this, they excluded for the reason that the commiss ers would have nothing to do with them

He alluded to the fact that many years a he examined the subject when it was befor Senate, being a member of the select com tee of which Daniel Webster was the ch man Mr Webster took no part in the ter. Mr. Clayton being second on the com tee investigated the subject and reported a which, contrary to the expectations of man its friends, passed both Houses by decided jorities, but unfortunately encountered the to of President Polk Afterwards ano bill similar to that passed Congress and vetoed by President Pierce The latter was not based upon the same reason as the mer, and any Senator who would take pains to examine the document now before Senate would see that the whole foundatio Mr Pierce s veto was an error in fact added, his sympathies were strongly in fa of these claimants, and he hoped that so measure would be adopted by which jus should be done them

The House bill, granting the right of wa the St. Louis and Iron Mountain railroad throu the arsenal and magazine of the Jefferson racks, was passed.

The bill for the admission of Kansas repo ed by the committee on Territories, was ta up

Mr Wade said he stood up to advocate new doctrine, but the great principle of eq rights to all men, black and white That w the doctrine of the fathers of this Republic He then alluded to the passage of the co promise measures of 1850 which were cal finality measures, and said the democratic p ty had put the present administration into po er upon a platform pledging it to resist slav agitation He did not know how they inte ed to resist, whether with bludgeons or oth wise. However, they had a right to resist agitation of any subject pertaining to this go ernment. He stood here to resist attemp to infringe the right of his speech, whatev might be the consequence He opposed t bill for consideration

Mr. Pugh replied, and said Mr Wade h used language not becoming a blackguard Sensation

The chair called Mr Pugh to order

Mr Pugh, proceeding with his remarks, s Mr. Wade had no right to charge him wi loving slavery and hating liberty He cont ued at some length, sharply retorting up Mr Wade

HOUSE Mr Campbell asked leave to offer resolution changing the daily hour of meetin of the House from 12 to 11 o clock

Mr Jones of Tennessee objected unless t time for the adjournment of Congress was fir fixed

(We omit the larger part of the Congressio al report, which comes to us in a fragmenta and uncertain shape We gather from i however, that the consideration of the Kansa question in the Senate caused angry discussion and that that body was without a quorum, bu for what reason does not clearly appear M Bell of Tennessee and Mr Douglas exchange some words of a rather exciting nature, on account of the determination of the majority t hold a night session At 5 o clock an unsuccessful attempt was made to adjourn

Condition of Mr. Sumner.

NEW YORK 2d

(Correspondence of the Evening Post Washington 1st) Mr Sumner still remains in a condition of health which justly excites the alarm of his friends

Two weeks since he was carried, in a very feeble condition to the country seat of Mr F P. Blair, about 5 miles from Washington No perceptible improvement has resulted from this quiet seclusion On his return to the city towards the close of last week, he undertook to write some letters but the effort was too much for his shattered nervous system Friday and Saturday were the worst [illegible] days he has experienced during his [illegible] He has therefore again been removed to the country, which he will not leave it is hoped before symptoms of permanent change for the better shall be manifested At present he is unable to undergo any continuous mental or bodily labor, and whenever he has attempted it a severe reaction is sure to follow

A Perfumed Breath.—What lady or gentleman would remain under the curse of a disagreeable breath when by using the "BALM OF A THOUSAND FLOWERS as a dentrifice would not only render it sweet but leave the teeth white as alabaster? Many persons do not know that their breath is bad, and the subject is so delicate their friends will never mention it. Thirty Years Experience of an Old Nurse

Hear the Brooklyn Daily Advertiser

We cheerfully comply with the request of a friend to insert the following letter, which we are assured is from a lady of the first respectability residing in Lowell, Mass. believing that a vast amount of suffering may be prevented and many valuable lives saved by calling the attention of mothers to this valuable prescription of an old and experienced nurse

'Dear Sir—I am happy to be able to certify to the efficiency of Mrs. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to so, I purchased a bottle of the Soothing Syrup, in order to test the remedy and when given to the boy according to directions, its effect upon him was like magic he soon went to sleep and all pain and nervousness disappeared We have had no trouble with him since, and the little fellow will pass through with comfort the excruciating process of teething by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children should possess it

Bite of a Rattlesnake cured in five minutes by the PAIN KILLER—*Read the following*

ST LOUIS MO August 25th 1851

MESSRS PERRY DAVIS & SON—GENTS:—A merchant of Linneous, in this State, informs me that recently one of his sons was severely bitten on the leg by a rattlesnake, from the effects of which he soon suffered most dreadfully The family chancing to have some of Perry Davis' Pain Killer in the house immediately commenced bathing the bitten place, without knowing whether it would or not afford the least relief, but surprising as it may seem, the poison was soon observed to exude from the wound and in five or ten minutes the young man fell asleep, entirely free from pain or any effect from the bite, except the flesh wound, which healed very soon and the young man was able to prosecute his business without further delay

By giving publicity to this fact in your pamphlet designed for southern and western distribution, and such countries as poisonous reptiles more or less abound, it might serve the cause of humanity, and be the means of supplying an article, the want of which has long been experienced.

Yours respectfully,
H. BLAKELY

MESSRS PERRY DAVIS & SON —Having witnessed the beneficial effects of your celebrated Pain Killer in several cases of Dysentary and Cholera Morbus within a few months past, and deeming it an act of benevolence to the suffering, prompted by the feeling of a common humanity I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe, and as far as my observation goes, an effectual remedy.

Yours very respectfully
EDWARD K FULLER,
Pastor of the First Baptist Church, Somerset, Mass.

JOE PENTLAND'S

CIRCUS!

Numbering 140 Men and Horses!

By far the Largest and most Perfect Establishment that will be exhibited in the Eastern States this season!

NEWLY equipped and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features, which will more than sustain the high reputation which it has attained in former years. Now, as heretofore, the management will endeavor to deserve success by giving the public a full equivalent for their money, and performing even more than they promise, thinking a well deserved popularity honestly gained by fair proceedings much more desirable in the end than any mere temporary advantage which may be obtained by resort to clap-trap and humbug In short, having received the appellation of the

Model Circus of America!

They are resolved to maintain it by giving performances which it shall be impossible to excel

JOE PENTLAND IS CLOWN,

and his name will be a sufficient guaranty that, it will be without coarseness fun without vulgarity, and mirth without end will characterize the comic department of the exhibition

JOE PENTLAND'S CIRCUS WILL EXHIBIT

At BANGOR, on STATE Street,

Thursday & Friday, July 3d & 4th,

July 3d two Performances at 2 and 7 P M
Doors open at 1½ and 6½

July 4th THREE GRAND REPRESENTATIONS, commencing at 10 A M 2 and 7 P M, the doors being opened half an hour previously.

Prominent among the great troupe of

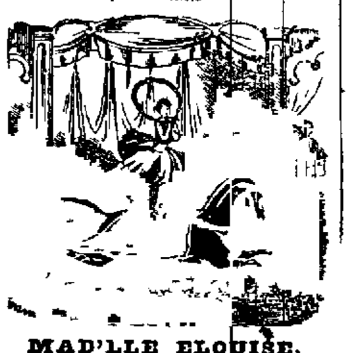
STAR RIDERS AND GYMNASTS

Attached to this establishment will be found the well known names of

HERNANDEZ,

THE GREATEST OF LIVING RIDERS.

Who has just returned from a protracted tour throughout Europe and who in all the capitols of the Old World and throughout the length and breadth of North America is universally acknowledged to excel in grace daring and skill any equestrian who has ever appeared before the public The enthusiasm excited by his extraordinary feats in London and Paris was positively without parallel and now that he re-appears in his native land after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste



MAD'LLE ELOUISE,

The youthful and accomplished Lady Equestrian the most dashing and spirited female rider who has ever appeared in this country and whose startling acts of equestrianism executed upon a *Bare Backed Steed* have gained for her the undisputed title of FAIRY QUEEN OF THE ARENA

THE NICOLO FAMILY,

From the Gymnase C rque, and Cirque Olimpique Paris the Theatre Royal, Drury Lane and Astley's Amphitheatre London beyond doubt the most versatile and accomplished gymnastic performers upon earth A full description of the wonderful feats of these artistes would occupy more than the entire space devoted to this advertisement—there is only room to state that for original ty classic elegance and perfect execution they surpass anything of the kind ever witnessed upon this side of the Atlantic

MR. S. P. STICKNEY,

The unequalled Four and Six Horse rider, the best in the world is also included in the troupe together with a host of

Scene Riders Trick Riders, Tumblers, Acrobats, Posture Masters Equilibrists &c, &c

Too numerous to particularize by name

A JUVENILE TROUPE

Of Infantile Performers is included in the array of talent attached to the company and the performances of these prodigies of equestrian and gymnastic skill, form an eminently novel and attractive feature of the entertainments

The Brilliant Performances

Given by this Troupe, include every imaginable variety of

Daring and Extraordinary Acts of Horsemanship,
Wonder Inspiring Gymnastic and Acrobatic Feats Comic Equestrian Burlettas,
Miracles of Sagacity by Trick Horses Educated Ponies,
and Performing Dogs

The company on entering town on the morning of the day of exhibition will make a GRAND PROCESSION! through the principal streets headed by the

GORGEOUS MUSIC CAR,

Devoted to the conveyance of the

WASHINGTON BRASS BAND,

Led by the celebrated composer and conductor, Sig Kerr

As any quantity of superfluous gas has, and is still escaping from minor and inferior establishments, we deem it unnecessary to give brief sketches of the unequaled performers attached to this establishment but say that we have the best Clown in America, JOE PENTLAND, who in off hand repartee sarcastic humor exuberant wit, exquisite polish classic attainments, fastidious taste, and inexhaustable originality—rare qualities in clowns—has no equal His bon mots wise inuendoes, and witty sayings, have been set to music by his brother fraternity men in all parts of the country A discriminating public will be pleased to have this assurance of the exclusion of the vulgarity, ignorance and often indecency, with which the important department of clowning is unfortunately sometimes disgraced

We have the best Single Rider in America,
We have the best Female Rider in America
We have the best 4 and 6 Horse Rider in America.
We have the best Scene Rider in America.
We have the best Acrobats and Tumblers in America
We have the best stud of Horses and Ponies in America

We have beyond dispute, the best exhibition in America, and we have the company that performs all it advertises which is the most remarkable feature in the equestrian business in America.

N B—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them besides numerous infringements of our patents—of which we own sixteen Suits for the infringement of our patents have recently been decided in our favor in the U S Circuit Courts in New York and New Jersey In these suits the great principle of

Holding down the Fabric to be Sewed to the Surface of the Machine, by a yielding pressure

which is used in all Sewing Machines—has been fully established The Wheeler & Wilson and the Grover & Baker Sewing Machines as we allege each infringe three distinct patents owned by us We have suits against them in several of the U S Courts, which will soon be tried We hereby caution the public not to buy any infringing Machines as they can be compelled by law to stop using them and to pay costs and damages

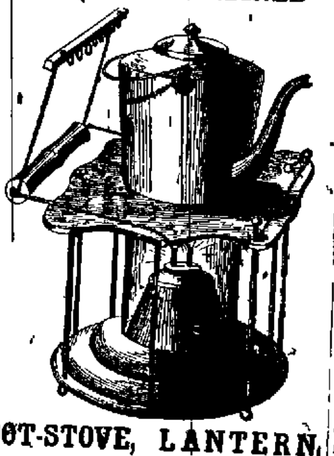
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN, ...AND.... NURSE-LAMP,

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public

As a FOOT STOVE, it answers an excellent purpose as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm beside giving the light desired, and for cooking in small quantities For making tea, &c, it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat iron heat in the same length of time

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one No further description is required as no one can misunderstand its general utility To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed whether in town country hospital or private practice they have invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects Numerous letters have been received from the most distinguished physicians in the country and from the professors of several medical colleges recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends Numerous preparations of Sarsaparilla and Buchu and various modes of preparing them have been given all of which of course will differ according to the mode of preparation which each individual may adopt

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence are most frequently improperly made and not unfrequently much impaired, if not rendered totally inert by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations It is therefore of the highest consideration and importance to the [illegible] and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages To effect this, and obviate the evils alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu and to discover the most eligible form for their exhibition The experiments have resulted most favorably and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made Two table spoonfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made

Messrs C & J Marshall—Gentlemen At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper

We have used some of your Spikes in old vessels as a substitute for copper and have had occasion to draw them out a year afterwards and found them with the coating as firm as when they were driven and with no appearance of oxidation

Very respectfully yours,
